SWATOW FALLS.

CHANG KAI-SHEK ENTERS CITY.

ANTI-REDS RETREAT

There is confirmation to-day that Swatow has fallen to the "Reds" under General Chang Kai-shek, and that this military leader has actually invested the city with his troops.

We reported yesterday that the fall of Swatow was imminent, and late last night a private telegram was received in the Colony by Chinese stating that the "Reds," under General Ho Ying-yun, made actual entry into Swatow late on Sunday, and that further "Red" troops under General Ching Shim followed later. It was not until yesterday morning that General Chang Kai-shek himself came on the scene, and he made entry into the fallen city accompanied by a strong force of bodyguards. The city was taken without any fighting in or around it, as the "anti-Reds" have previously made a hasty retreat.

News has been received here this morning, stating that General Chang Kai-shek entertained foreign Consuls at Swatow yesterday afternoon, and that he gave them his assurance that he had come to maintain peace and would see that adequate protection was given to foreign lives and property. General Chang added that he, himself, would shortly be returning to Canton (presumably to deal with the situation in the southern Kwangtung and West River districts).

It is further reported that General Chang Kai-shek's troops have retreated into the southern part of Fukien province, in the direction of Cheung Chow. They offered no resistance to the advance of the Reds all the way from Hing Niv and Ho Po. General Lau Che-luk is said to have left Swatow at least two days before the entry of the "Reds." The report proceeds to state that the troops which have gone into Fukien have nominated as their new Commander, Wong Tai-wai, a returned student from Belgium, who is said to be in Hongkong at present. He will shortly go to Foochow, from which point he will proceed into southern Fukien to take up his post.

Yesterday afternoon, quite a number of officials at Swatow under the new overthrown regime arrived in Hongkong by the s.s. Sunning. General Mok Hing is said to be among them.

AUSTRALIAN STRIKES.

SEVERE CLASHES WITH POLICE.

Freemantle, Nov. 2.

One thousand of the strikers rushed the steamer Argyle. The police intervened and a two hours fight ensued. A number of policemen were among the injured sent to hospital. There were one hundred arrests.

Railwaymen at Bowen have refused to handle coal-trucks for the steamer Port Hardy, and the farmers have announced their intention of drawing the coal to the jetty. The police have been instructed to prevent the farmers and others interfering with railway traffic.

PARTNERSHIP ISSUE.

LANDLORD AND/OR PROPRIETOR.

TO DEFEAT EXECUTION?

That the respondent had issued distress warrants against two firms, in both of which he had a partnership interest, with the object of defeating an order for execution granted to Messrs. Siemens and Company, was the allegation made against Wong Kwong-tsoi when a partnership issue was raised in the Summary Court before Mr. Justice Wood this morning.

The plaintiffs were represented by Mr. R. A. Wadson, and Mr. M. K. Lo appeared for the respondent.

Mr. Wadson stated that Messrs. Siemens and Company issued writs against the Wah Hing firm and the Sze Hing firm, both of 142, Des Voeux Road Central, and defendants consented to judgment. Execution was levied against the goods and chattels of the firms, and seizure and sale resulting in the realisation of the sum of \$1,350 were made on October 6th. At the same time he was informed that distress warrants had been issued against defendants by Wong Kwong-tsoi of the same address, and that the claim was for three months arrears of rent, totalling \$1,110 excluding costs. His allegation was that the landlord on behalf of whom the warrants were issued was one of the proprietors of the firms. The money had been paid into Court pending the hearing of the present case.

Mr. Wadson called a piece of goods broker, who stated that he considered Wong Kwong-tsoi to be interested in the Wah Hing firm and added that he had often seen him in the shop consulting with Chan Sing in connection with money matters.

Mr. Lo submitted he had no case to answer. There was no scrap of evidence to show that respondent was now a partner in either firm.

Mr. Justice Wood said that he considered that *prima facie* evidence had been given.

Mr. Lo, detailing the case for the respondent, said that Wong Kwong-tsoi was principal tenant of 142, Des Voeux Road Central about ten years ago, but about five years back bought the property. He had a partnership interest in the Wah Hing firm until a fire in 1919 when he sold his interest to Chan Sing.

Respondent, in the box, said he took over the premises in 1916 and rented the ground floor to the Wah Hing firm and the first floor to the Cheung Fat firm and occupied the second himself. Cheung Fat died and the Sze Hing firm was started by Chan Sing. He personally had never been connected with the Sze Hing firm. A fire broke out on the premises in 1919 and about a month later he sold his interest in the Wah Hing firm to Chan Sing.

Question by his Lordship, witness said he had no business he lived on the rents obtained from different properties belonging to him.

Chan Sing, called by Mr. Lo, said he was the sole proprietor of both firms at the time of the levying of execution. He had two partners in 1919, but bought them both out after the fire.

The case was adjourned.

GIRL INJURED.

MOTOR-CYCLE MISHAP.

Sanitary Inspector P. Knight has reported to the police that his motor-cycle knocked down a little Chinese girl, in Queen's Road East, near Wing Fung Street, yesterday, inflicting injuries to her head.

The girl was taken to the Government Civil Hospital, but was later removed by her parents against the

PEACE PARLEY.

NEWS FROM SOUTHERN KWANGTUNG

REDS IN CONTROL.

With regard to the military situation in the South Kwangtung and the West River sectors, a report to hand states that emissaries from the Canton Government have approached Sun Pao-fan Vice-Commander-in-Chief of the Southern sector, to resign his present appointment and retire with his troops back to their original positions. In consequence of this, Tang Poon-yan was forced to summon all commanders to a Military Council, to decide the question of war or peace. The meeting lasted four hours, and after a heated debate it is said that the voting was 6 to 4 in favour of peace.

Tang Poon-yan being of opinion that the eight districts under his jurisdiction should declare their neutrality, but be in a state of preparedness in the event of an invasion of their territories. This decision, says the report, is likely to have a momentous effect on the whole military situation in Kwangtung, for the West River sector situated, as it is within striking distance from Wuchow and also from the North River, and having an outlet to the coast from the Southern sector, is hemmed in on all sides. Thus it is possible that the anti-Red forces in that region may not be able to put up a resistance for any length of time.

A report from Chin Shan by yesterday afternoon's steamer states that Shek-ki has not fallen into the hands of the Reds, and that the acting magistrate, Lum King-wan, has returned to his post. It being said his hasty visit to Taichuen was to secure the assistance of the bandits who have a stronghold in that vicinity. The delay in the arrival of the troops ordered to Shek-ki is probably due to lack of transport vessels, which have been utilised on the West River service.

ARMS CHARGES.

JAPANESE SEAMEN FINED.

Two Japanese seamen, of the s.s. Italy Maru, were separately charged before Mr. E. W. Hamilton, at the Kowloon Magistrate's court this morning, with unlawful possession of a sporting rifle and an automatic pistol respectively.

In the first case, the police did not take a serious view of the offence as the weapon was for shooting game.

His Worship fined defendant \$10.

The other defendant, who stated he had no permission from the master of the ship to have the weapon, and whose pistol was found concealed in his cabin, was fined \$50.

RECENT ACCIDENTS.

TWO ENQUIRIES FIXED.

The Coroner's Inquest into the circumstances of the death of Miss Bessie Mackay, who succumbed to injuries she sustained in a recent motor car accident, has been fixed for 3 p.m. on Thursday, November 12th.

The enquiry will be preceded by another into the death of a Chinese who was fatally injured when

THE ATHERLEY CASE.

DEFENDANT COMMITTED FOR TRIAL.

BANK DEPOSIT QUESTIONS.

The hearing of the case in which J. Edward Atherley, former Manager of Messrs. Getz Brothers in Hongkong, is charged with misappropriation of monies belonging to the Company, was resumed at the Central Magistrate's court before Mr. S. B. B. McElderry this morning.

The cashier of Messrs. Getz Brothers was recalled for further examination by Mr. D. H. Blake (who appears for the prosecution), and questioned as follows:

You told the Court that on the 1st of April, 1924, you handed to defendant certain sums of money, amounting to \$5,991.33, and that he gave you a receipt for these?—Yes.

Did you in addition, on other occasions in the months of April and May, 1924, give the Manager sums of money out of the monies received from the dealers?—Yes.

In reply to another question, witness said that on each of these occasions a fresh receipt was prepared by the defendant to cover not only the sum then received, but also the monies previously received, the previous receipts being returned to the defendant to be destroyed. The receipt for \$13,493.34, produced in the Court, was the cumulative amount.

Mr. Blake:—It was your practice to type on the bank deposit paper the names of the firms to whom you had received the monies, and to be paid into the Bank?—Yes.

Witness added that before a deposit was made with the Bank, the list had first to be shown to the Manager, who would at times withhold certain items, giving witness his own receipts for the amounts thus withheld.

How, then, were your deposit lists made to agree with the sums paid into the Bank?—I would prepare a fresh deposit list for the sums actually paid into the Bank on the instructions of the Manager. Some of the items in the old list were crossed out by the Manager in respect of those sums paid to him.

The items on the list were the names of the firms and the sums received from them. Were the names of these firms crossed out?—He merely drew a line over the whole item.

In the fresh list, was that item wholly omitted?—Yes.

In that case, if the names of the dealers were struck out and omitted, were the items lost and forgotten so far as you are concerned?—I would keep the receipt signed by the Manager, which receipt contained those items. All fresh sums drawn from time to time were given one receipt which covered all the previous sums drawn out.

So far as your deposit slips were concerned, that item was lost sight of altogether?—Yes.

With regard to the deposit slips, did the defendant never add anything to them?—No.

Witness also replied negatively to another similar question, put with regard to the deposit lists revised by the defendant.

Mr. Blake then put in one of the documents. To this Mr. Hind raised a strong objection, remarking that the system of the accounts kept could not very well be judged through the system of any one item put in.

Mr. Blake said in that case the prosecution had to again put forward the application, made elsewhere, that an adjournment of one month be given whilst they went more thoroughly into the books.

Witness, on being shown the documents, said they were for sums paid into the bank on the instructions of the Manager. One of the documents produced showed that from six dealers a sum of \$1,484.99 was received, an amount corresponding to which was later paid into the bank, but this latter amount was received from a different dealer, who had nothing to do with the others.

A further evidence, however,

MILITARY SUPPLIES STOPPED.

CANTON PROBLEM.

A report comes from Canton to the effect that since the operations of cruisers and gunboats from Foochow, the authorities have been somewhat perturbed at the fact that military supplies have been intercepted by these men-of-war, which have been patrolling the coast from Foochow to Pakhoi.

It is stated that these vessels are keeping a special watch for Russian Volunteer steamers, and that at least two such boats have been stopped and relieved of military supplies intended for Canton.

The report says that ammunition supplies in Canton are, as a consequence, running short, as the Arsenal is unable to produce cartridges of the type needed for rifles received from Russia. It is also stated that the Superintendent of the Arsenal has reported a shortage of steel, brass, lead and materials for the manufacture of high explosives, and that, as a result, night work has ceased at the Arsenal.

Since the above reports, news has come through of the fall of Swatow, as well as of developments favouring the Reds in southern Kwangtung. The immediate demand for supplies is therefore not so pronounced as it was.

COURT MARTIAL.

GARRISON SERGEANT MAJOR CHARGED.

ALLEGED ALCOHOLIC POISONING.

Major and Bt. Lieut-Colonel H. Trevelyan, R.E. presided over a District Court Martial at Murray Barracks this morning, when W. O. Cl. I. G. S. M. Henry Tye, Garrison Staff, appeared to answer a charge of becoming unfit for duty on October 19th, by reason of previous indulgence in alcohol. Accused pleaded not guilty.

Captain R. F. Walker, R.A.M.C., said that on October 19th he was called to the accused's quarters. He saw the accused, who was very tremulous, had difficulty in walking, and was incoherent in his speech. Witness advised him to go to hospital. Later in the day, accused became very restless. After two days, his condition improved. In witness's opinion, accused was suffering from alcoholic poisoning. Witness considered him to be fit for discharge on October 24th. In reply to a question, witness said that the reason why he advised the accused to go to hospital was because he did not think it advisable to leave him in his quarters.

Major A. S. Littlejohns, R.A.M.C., said the accused was a patient at the Military Hospital from October 19th to October 24th. On the night he was admitted he was very restless, and was shouting and seeing imaginary persons. Witness said the accused condition was due to over-indulgence in alcohol.

The accused, in his defence, said he was not a spirit drinker. He had 23 years and 10 months service and had never had an entry except as a corporal for a minor offence. He had never been drunk. On October 5th he became ill, but did not want to report sick, so he tried to cure himself. He took some whisky with milk, never exceeding four times a day, but it had evidently taken a bad effect on him. He felt so weak that he asked to see a doctor, and the doctor advised him to go to hospital. In addition, he had been worried by the death of a very near relative.

Major Macready said he had known the accused since March 8th, 1924. During that time he had never been up for any charge, and his conduct had been exemplary. The verdict will be promulgated in due course.

ANOTHER CASE.

Private William Churn, 1st Battalion East Surrey Regt., appeared to answer two charges. The first was breaking out of barracks on October 24th, when under open arrest. The second was absenting himself without leave on October 24th until 5.45 p.m. on October 26th.

Evidence was given to the effect that the accused did not answer his name when called on October 25th. He had not returned by 12.45 a.m. on the following morning, and when he reported on the 24th, he was placed under open arrest. He was later placed under close arrest for again being absent when warned for guard.

Accused said he put in for a late pass, but when he returned he forgot to hand in his pass. He went out of barracks again because he asked an orderly corporal if he could, and received a reply in the affirmative.

The verdict will be promulgated in due course.

EXPEDITION TO THE NORTH.

FOUR DEMANDS.

In the course of a speech at a mass meeting in Canton on October 25th, Mr. Wong Ching-wai, fore-shadowed an expedition against the North when Kwangtung affairs are finally settled. He said, *inter alia*: "At present the Northern Militarist, Chang Tso-lin, is at war with Sun Chuen-fang in Kiangsu and Chekiang. This war is the result of the extension of the military power of the Fengtien party and the surviving strength of the militarists of the Chihli Party. We can make use of the advantage of the civil war between these two 'demons' to unite all the revolutionary armies in China in suppressing and eradicating them and thus to unify China."

"We can still remember the war between Kiangsu and Chekiang last year. When the Chihli Party was overthrown, our late Dr. Sun, who saw clearly the rise and fall of the militarists, made a declaration when going North, saying that the overthrow of Tiao K'un and Wu Pei-fu would cause the other militarists to follow suit and thereby wipe out the militarists entirely from China."

"At present as the militarists of both parties are again fighting each other, we can make use of the opportunity to despatch a Northern expedition to carry out the aim of the late Dr. Sun. The pacification of the East River region will be very easy; because Chow Yam-yan, who has now to despatch troops to Chekiang, is unable to help Chan King-ming."

"The reason why the former Northern Expedition was unsuccessful, was because there were no troops in the north which strictly adhered to the principles of our party. But now the well-trained 200,000 troops under General Feng Yu-shiang believe in the 'Three People Theory' of our Dr. Sun. We can co-operate with them to overthrow the militarists, to unify China within a very short time, and to conclude the present war in Kiangsu and Chekiang. When we have accomplished this, our remaining demands will be four in number, namely:

- (1) To establish a united Nationalist Government of all China.
- (2) To call a preparatory meeting for the National Conference within as short a time as possible.
- (3) To call an International Conference to discuss the abolition of all unequal treaties.
- (4) The Nationalist Government will protect the freedom of the people in forming organisations, calling meetings and publishing and expressing opinions.

THE ATHERLEY CASE.

EVIDENCE CONTINUED.

Minor Details Touched On.

Further evidence was given before Mr. S. B. B. McDermott at the Central Magistracy yesterday afternoon in the case in which Mr. J. Edward Atherley, ex-manager of the Getz Bros. (of the Orient Ltd.), is charged with embezzlement.

The first witness called yesterday was Francisco Xavier da Rosa, who said he was a general clerk in the office of Getz Bros. up to the end of last month. One of his duties was to fill in the bills payable book. He said the entries from April, 1924, onwards in the book (produced) were in his writing.

Mr. Blake.—Since that book has been closed was there a subsequent book which you also kept?

Witness.—Yes.

Mr. Blake.—From what did you get your information with which you filled in that book?

Witness.—From documents received from the bank.

Mr. Blake.—In the ordinary course of events deposit slips passed through your hands?

Witness.—Yes. I got them from the filing basket in the manager's office. Witness added that all papers which were to be filed away or kept for reference were put in the filing basket, which was kept on the manager's table. Certain office documents were here produced, and witness gave details of the sale of old newspapers.

Cheung Ho-chi, recalled, said that at the last hearing of the case he referred to an account book and gave several extracts of sums of money received from dealers in respect of newspapers. Referring to an item of \$5,900, witness said he gave the money to the manager personally, and received a receipt for it.

Change in Method.

Mr. Blake.—After April 1 was there any change in your method of dealing with money, deposits and payments into the bank?

Witness.—Yes. After receiving money I would make out a list of monies I had received and take the list and money to the manager. At the same time I would hand in the previous receipt, signed by the manager, which was in my possession.

Witness added that after the manager had crossed out certain items on the old and new lists, he would pay back some money to witness with instructions to pay it into the bank. Witness made out a new receipt for the outstanding items, and gave it to the manager, who would sign and return it.

Mr. Blake.—When you say the manager crossed out certain items, what items would they be?

Witness.—Items of sums of money I had received and had paid to the manager before.

Mr. S. Munroe, an assistant in the International Banking Corporation said he had checked an extract (produced) of Mr. Atherley's account from March 24, 1924, up to October 21 of this year.

Wong Sai-wing, book-keeper for Messrs. Getz Bros. said the entries in the cash book after March 1923 were in his writing. He got his information to make the entries from the bank paying in books.

Sergeant W. E. Meadows said that he arrested defendant on October at about 10.30 a.m. in the lounge of the Hongkong Hotel.

He took the defendant to the Central Police Station, and handed him over to Inspector Allen. Evidence was also given that when Atherley was charged he replied "I reserve my statement."

The hearing was adjourned until 11 a.m. to-day.

DENATURED WINE.

EVIDENCE AGAINST SIX MEN COMMENCED.

Superintendent's Testimony.

The hearing of the evidence was commenced at the Kowloon Magistracy yesterday afternoon in the case of conspiracy against six men connected with the wine trade.

The full charge against the defendants is that they, on October 14, conspired, together and with other persons unknown, to diminish the King's Revenue by precipitating the denaturing in four drums containing approximately 560 gallons of denatured spirit, with intent thereby to reconvert denatured spirit, not dutiable liquor, into dutiable liquor, and to evade payment of duty on such reconverted and dutiable liquor.

Mr. J. D. Lloyd, superintendent of the Imports and Exports, prosecuted and Mr. C. A. S. Russ represented the first and sixth defendants. The remaining four accused were defended by Mr. Leo. d'Almada.

The first witness called was Revenue Officer W. Knight, who stated that he was in charge of the denaturing of wine at the Him Mei Wine Godown. On October 14, four drums of spirits of wine were denatured for the Tai On firm of No. 18 Hamilton Street. On one previous occasion witness had followed the coolies delivering the wine to the applicants' premises and found that the wine for the Tai On firm was taken to a godown in Coronation Road, where witness found a well sunk into the floor. There were no other furnishings on the premises and the godown bore no signs of having been employed in the vinning trade.

The denaturing of wine started generally in the afternoon and the entire process would be completed and the drums delivered to their owners by 4 p.m.

How it was Done.

The Manager of the Wo Tak-soy factory gave evidence of having let certain space in the Tai On firm, who he understood were vinnishers.

Mr. Lloyd, in evidence, said that on the day of the arrests of the defendants he had gone to Orient Buildings in Coronation Road, at about 6 p.m., and waited under the verandah. Half an hour later he saw a man appearing from the Mongkok direction carrying two large buckets containing liquid. Shortly afterwards two other men came from the same direction carrying similar loads. Then came a man carrying empty buckets from the place where the other men went. Witness then saw Revenue Officer O'Neill give chase to a man who emerged from one of the side streets. The pursued man, who turned into Dundas Street, was caught by the officer.

Witness later entered one of the houses at the rear of Orient Buildings, where he found a number of barrels containing a milky liquid. Several instruments used in the wine trade were also found, including a quantity of alum and wine jars.

At this juncture the Court adjourned.

A Complete Understanding.

Peking, Nov. 2.—A message from Hankow states that Yueh Wei-chun has signed an alliance with Wu Pei-fu and ordered his troops to advance against Fengtien yesterday morning at eight o'clock. WINE FRAUD.

DILUTED ARRACK.

Chinese Wine of Double Strength.

Before Mr. R. Lindsell at the Central Magistracy yesterday afternoon, Ng Sul-lun, shop coolie and licensee of the Shun Fung firm, 17 Bonham Strand was charged with making a false declaration to the excise officials on October 26. He was also charged with making a false return on the same day when he declared as Chinese wine, 33 jars which were found to contain diluted arrack. Ng Kai, also of the same shop was charged with aiding and abetting.

Mr. H. A. Taylor, Assistant Superintendent of Imports and Exports appeared for the prosecution, and Mr. H. S. Fitzroy defended.

Evidence for the prosecution showed that a consignment of 50 jars of wine was landed on the quay, and was examined by one of the Excise officials. Afterwards Revenue Officer A. L. Powell followed the coolie who took part of the consignment away to 17 Bonham Strand. There he saw two men, one being one of the defendants, holding two jars over two open vats into which they appeared to be ready to pour the contents.

The men put the jars on the ground when they saw the officer. The vats appeared to contain fresh

water, and the jars held about 3 1/2 gallons of wine. Later the wine was taken away and analysed by the officials, when it was found that instead of holding Chinese wine, the jars contained diluted spirits of wine.

Too Much Alcohol.

As ordinary Chinese wine it should have contained 25 per cent alcohol, and it was on that basis that duty had been paid. Instead it contained 53 per cent of alcohol, slightly more than double strength. Duty at the rate of 60 cents had been paid, instead of at the rate of \$1.20 a gallon. The Government was losing at the rate of \$5.40 a gallon.

Mr. Fitzroy submitted that there was no evidence to show that Ng Kai had aided and abetted, and his Worship agreed and defendant was discharged.

The evidence called for the defence of the other defendant showed that 100 jars of wine were ordered from a firm near Macao. This was sent in two consignments. The defendant said it was his practice before selling wine to dilute it with water. It was stated that the two consignments were sent to two different firms, one being that with which defendant was connected. After the consignment was received it was found that the wrong wine had been sent.

One firm received a wine of a lower strength than they had ordered, while defendant received

FLOURISHING HONGKONG BRANCH.

Several New Members Admitted.

At the evening service at St. John's Cathedral on Sunday, the members of the Church of England Men's Society were part of a large congregation which witnessed the admittance of several new members to the ranks of the C.E.M.S. This strong and influential Society, with its world-wide activities, possesses an enthusiastic and representative branch in this Colony.

The Chaplain preached on the "Communion of Saints", and reminded his hearers that the Church had always borne witness to our fellowship with the faithful departed, and in its Liturgy had always retained references to those who had passed away. It was very noticeable that the singing at the evening service was Congregational and praiseworthy, and it was generally felt that the members of the C.E.M.S. were to be congratulated.

Wine of higher strength. Mr. Fitzroy suggested that it was merely an error, and that Lun had not tried to defraud the revenue officials.

Defendant was fined 300 dollars on each charge.

CHINA AT WAR.

As we write these lines, China
is at war. Hardly a province has
escaped the wash from the whirl-
pool of conflict, and these factions
still standing at the edge will
probably be drawn into the mad
fury in many weeks are past.
Principal interest with residents
of Hongkong lies in the southern
campaign, where the Cantonese
Communists and their allies of
neighbouring regions are pitted
against the so-called anti-Red
armies. On both sides there is a
mixed command, and Kwangtung
men, Yunnanese, Hunanese, and
men of Szechwan stand shoulder
to shoulder in battle against
others of their own provinces. It
is a battle for principles, and we
have to assume that the com-
manders are the holders of these
clashing principles: of the fighting
men themselves, the rank and file,
it cannot be expected that, in the
mass, they realise what they are
battling for, nor the great results
that victory on either side might
mean. To the average observer
the clash in Kwangtung repre-
sents a war between those who
have adopted Bolshevik doctrines
and those who are opposed there-
to. We in this nearby Colony, so
gravely affected by events on our
mainland, must perforce follow
the course of the campaign with
special scrutiny—and with a
natural sympathy for the forces
striving to overthrow the upstart
sapling of Soviet planting ere it
grows into a deep-rooted, branch-
ing tree. For the present, we do
not intend to discuss the progress
of the Kwangtung war, the suc-
cesses of trained against partly

trained troops, or the advantages
of a unity of command, based on
a central supply system, over
scattered generalship. The next
few days, it may be, will enable a
clearer conception of events. But
while we stand by and observe, it
behoves us in this southern out-
post of law and order to overcome
what might be termed an insular
ity of outlook, and take as great
concern with the swiftly-moving
changes that are portended in the
north. For the whole of China is
at war, with itself, with its his-
tory, with the outside world; and
no large part of China, though the
struggle grows all-embracing, can
tell exactly what it desires as a
remedy.

Meanwhile there is not want-
ing a galaxy of physicians, quali-
fied and unqualified, talented and
otherwise—generals, ministers,
mere political adventurers. The
science of the outside world, with
diplomacy in place of physio, is
offering its services and sending
its accredited healers. But all
the while the patient tosses, and
turns restlessly, murmuring
sometimes in a delirium, some-
times flinging about in a pa-
roxysm of fury. The generals
and ministers and politicians dis-
agree, and snub the outside offers
of help, while the representatives
of the other nations grow uneasy
at the way the patient is failing
to respond. What is to be the
outcome, then? The sorry state
of China has been brought on by
herself, or, correctly speaking, by
her false mentors. She has been
deluded into believing that she
had obtained the proper remedy
for all her ills, and foreign ad-
visers have been made to appear
mercenary and fit only for
suspicion and abuse. Yet the
Powers have not despaired. They
have called a conference at Pek-
ing to deal with one urgent prob-
lem of Chinese administration,
and there is a likelihood that
further meetings of importance
will follow. Rather should we
say there was this likelihood.
One of the essentials for an in-
ternational agreement on the
Chinese question has always been
a unification of the country's ad-
ministration and suppression of
internal disorders. These de-
siderata are less likely to be
achieved than ever, now. We
are inclined to think it more
than possible that the idea of
actual international intervention,
relegated to the background of
the Far Eastern political stage a
year ago, might presently sug-
gest itself again as a matter of
practical politics and a cure for
the stubborn malady of corrup-
tion that has seized China by her
vitals, and which her favoured
quack doctors have but con-
siderably intensified.

Men's Clothes.

A London health specialist, we
observe, is urging men to follow
the example of women and re-
form their clothing. There is
sound sense in his plea. As the
years have passed by, women may
have shocked the prudish by their
changing fashions, but in the pro-
cess they have added to their
health and comfort. Once moved
to undertake a reform, women
would appear to have more cour-
age than men. In this matter of
clothes, it is conceded that they
were in much greater need of re-
form. Their apparel was so much
worse than men's that only a
radical revolution would make
them endurable. Men, because
their fashions were only moder-
ately bad, have apparently been
too lazy to get them made good.
When women were binding them-
selves into tight-fitting garments,
which were both uncomfortable
and injurious to health, man's
clothing was nothing worse than
ugly, ill-ventilated and awkward.
It still remains so, and has not
shown much improvement in the
past fifty years. In these days,
when we realise that the body
needs sunshine and air, men's
heavy and badly-ventilated cloth-
es are without excuse. One day,
we presume, there will come a
complete change of style for men.

To-day's Observatory report
states:—Pressure has decreased
slightly over Indo-China, and in-
creased slightly to moderately
elsewhere. A weak anticyclonic
area extends from Tongking to S.

to have filled up. Moderate mon-
soon will prevail over the
northern China Sea.

Scotland's national beverage
seems to be in some danger of
gradual extinction. The distillers
in Morayshire and Speyside, the
chief centres of the industry, have
decided to curtail by twenty-five
per cent, the output of whisky
during the manufacturing season
which has just opened. This re-
duction is said to be due to the
substantial decrease in the con-
sumption of whisky which has
been noticeable since the prices
were raised to the present level.

Perhaps the "Oxford bags"
are the first step in that direction.
At any rate, whether the future
holds for men something in the
style of free-and-easy sports styles,
or whether the day of the adult
jumper will come, in the matter
of looks there can be very little
introduced that will be less inspir-
ing than the present-day ordi-
nary run of men's clothing.
Here in the East, we do conspire

other such contraptions hold un-
disputed sway.

MOTORISTS CHARGED.

AN AWKWARD KOWLOON CORNER.

Mr. O. Eager, of Messrs. Jar-
dine, Matheson and Co., appeared
as defendant before Mr. E. W.
Hamilton, at the Kowloon Magis-
tracy this morning, on a charge
of failing whilst motoring to keep
to the left side of the road at the
junction of Nathan and Gascoigne
Roads.

The defendant said that he had
no recollections of the incident, but
would admit the offence.

It was stated that defendant, in
turning from Gascoigne Road into
Nathan Road, did not go round the
lamp standard.

In answer to his Worship, Ser-
geant Smith said that the post at
the crossing was placed in an
awkward position and he himself
had found it inconvenient to go
round the post. He had, in fact,
himself done the same as defendant.

His Worship said that in view
of what the police said, he would
register a conviction, but impose
no fine.

OTHER CASES.

A charge of allowing his private
motor car to be used for public
hire was brought against Mr. D.
S. Green, of the Asiatic Petroleum
Co.

Defendant said that his car, which
was garaged at the Duro Garage,
was inadvertently used by a driver
in the place of the Company's car,
which was out of commission.
The summons was adjourned for
one week.

Mr. J. Barnett was fined \$10 for
disobeying the signals of a police
constable at the Po Hing Theatre
corner.

ITALIAN OPERA COMPANY.

TRIUMPHANT SUCCESS ON OPENING NIGHT.

The Italian Grand Opera Com-
pany had a very good "house"
on their first appearance last
night, and the pleasure they gave
their audience will ensure them
even bigger bookings during the
remainder of their season at the
Theatre Royal.

The offerings last evening were
the two well-known operas
"Cavalleria Rusticana" and "Pag-
liacci." A few of the audience
had to hurry away shortly before
the second play came to a close,
owing to the lateness of the hour;
but apart from that inevitable
drawback there was not a mo-
ment, while the artists were on
the stage, that was not thoroughly
enjoyed, and time and again the
more striking passages were en-
thusiastically applauded. The
members of the company, as was
to be expected, have excellent
voices—magnificent in several
cases—and furthermore they are
accomplished actors. It is one of
the best Italian companies Hong-
kong has ever had.

Mascagni's opera was most
dramatically sustained, and
Signorina Lida Betti, as Santuzza
the village girl, scored an absolute
triumph. Seldom have we seen
as good representation of emotion
as she conveyed, and her singing
was splendid. The other members
of the cast each filled his or her
role to perfection, and with the
aid of an accomplished chorus
and orchestra the fine musical
numbers of the piece were delight-
fully rendered.

The two-act opera of Leon-
cavallo saw four principal players,
who were well supported by
the others. Signorina Aurelia
Laura made a fascinating Nedda
(who plays "Columbina"
in the travelling show), and Signor
Franco Tzai was exactly as he
should have been in the difficult
part of the clown Tonio. It was
Signor E. Cuneo, however, who
had the most tragic character to
portray, the husband of Nedda,
and he sustained it perfectly
throughout. The closing scenes
of the opera, when his passionate
jealousy overcomes him, were
most dramatically rendered. Sig-
nor Pietro Vecchi, as Nedda's
lover Silvio, was at his best when
pleading with her to elope, his
fine voice and histrionic power
emphasising the tension of the
scene.

The players had to reappraise at
the close in response to prolonged
applause by a thoroughly delight-
ed audience.

To-night's opera will be the fam-
ous "Rigoletto."

GIRLS' HOCKEY.

A DRAWN GAME.

An interesting encounter took
place last evening on the Kow-
loon Football ground, when a
hockey match was played be-
tween the University girls and
the Diocesan Girls' School.

The match ended with no goals
scored on either side, and, on the
whole, this was a fair representa-
tion of the play. Neither side
displayed any notable character-
istics. Several times the Girl's
School forced the pace and came
near to obtaining the lead, but
the University managed on each
occasion to transfer the ball to
the other end. The University
did manage to score one goal, but
the point was disallowed for an
infringement of the offside rule.

MACAO THEATRICALS.

SATURDAY NIGHT'S PERFORMANCE.

The presentation of "Renascer"
by the amateur theatricals of
Macao on Saturday night was a
great success, not only from the
point of view of attendance but
also as regards the quality and
excellence of the production.

Our Macao correspondent re-
ports that His Excellency the
Governor and wife were present
and that the general attendance
greatly enjoyed the play. Mr.
Machado was really excellent as
was also Miss Rego—a lady who
has previously earned high praise
for her stage work. Mr. Sena
Fernandes was quite good and
Mr. F. Rego was well up to his
usual high standard. Messrs J.
Rego, Fries and Belard were also
much appreciated, whilst Mrs.
Brandao acquitted herself with
distinction.

A special word of appreciation
should be said of the music which
was under the direction of Mr.
Sena Fernandes.

SOLDIERS' ESCAPE.

TWO R. G. A. MEN SENTENCED.

Two men of the R. G. A., who whilst under the influence of drink, gave the police much trouble last night were charged before Mr. R. E. Lindsell at the Central Magistracy this morning. They were Driver A. E. Blackman, of the 38th Battery, R.G.A., and Gunner Kamm, of Victoria Barracks. The first defendant was charged on two counts with damaging two rickshas, also with being drunk and disorderly, and, further, with damaging a police cell. The charges against Kamm were of a like nature, with an additional count of assaulting an Indian police constable.

A ricksha-puller stated that last night the defendants, with another soldier not in custody, visited the ricksha stand at the junction of Peel Street and Queen's Road and commenced damaging the rickshas by knocking them against each other. Police whistles were blown, and the soldiers ran away, but the defendants were caught by an Indian constable.

An Indian constable stated that both defendants were much under the influence of drink, whilst the second man, who gave great trouble on the way to the station, knocked witness down in the charge room by giving him a punch.

Inspector MacNab Wilson said the second defendant was very noisy and struggled all the way to the station. Witness had to have the assistance of three other officers before he could be taken to the cell. The first defendant quietly walked to his cell, which was adjoining that of the other man, but later the second defendant began vigorously shouting out to his companion, and both commenced to smash up things. The second defendant damaged the floor of the cell and also broke up a utensil. It was three o'clock in the morning before the defendants quietened down.

Asked what they had to say, Blackman stated that he did not dispute the evidence; whilst Kamm said he had forgotten what had happened.

Blackman was fined \$5 each on four counts, and ordered to pay \$2 compensation for damaging a ricksha, as well as \$3 for damage to Government property.

Kamm was fined \$5 for damaging one ricksha and ordered to pay \$4 compensation therefor; the second charge, of damaging another ricksha, was withdrawn; a fine of \$5 was imposed for being drunk and disorderly; and an order made for payment of \$10 compensation for damaging Government property; whilst on the charge of assaulting the police, sentence of fourteen days' imprisonment was passed.

FRENCH FINANCES.

A CRITICAL POSITION.

Paris, Nov. 2.
At an important two-hour meeting to-night, M. Painlevé explained to Socialist leaders the Government's Ministerial programme as regards finance. The Government proposed to establish a sinking fund, which would be supplied by means of an increase of income tax, permitting some sixty-five milliard francs of debt to be redeemed during the next fifteen years. The Socialists indicated that they were not completely satisfied with the programme, explaining that some points remained for settlement, notably the credits to be voted for the Moroccan and Syrian operations, which the Socialists were unable to support in consequence of the decisions of the recent Marseilles congress. The position is thus critical. If the question be not settled the Government may find itself in a minority, since the opposition groups have already announced their intention not to vote these credits.—*Reuter*.

GOVERNMENT PROGRAMME.

Paris, Nov. 2.
The Ministerial statement approved by the Cabinet, which will be read in Parliament to-day, deals principally with the financial situation and the Government aims in balancing the budget, partly by means of the sinking fund mentioned earlier, regarding which an appeal is being made to patriotism. The programme includes the reduction of military service to one year and a reversion to the system of single-member constituencies.—*Reuter*.

SALT GABELLE FUNDS USED.

Hankow, Nov. 3.
A detachment of Hupieh troops are reported to have left to-day for Honan.

A telegram to Wu Pei-fu from Sun Chuan-fang states that the latter has informed Feng Yu-hsiang of the advance of the allied troops to Hanchow and has called on Feng Yu-hsiang to carry out his part of the bargain, "in accordance with the previous understanding."

It is understood that Wu Pei-fu has issued a manifesto to the effect that the funds of the Salt Gabelle will not be allowed to go to Peking. He bases his action on a similar step taken by Chang Tso-lin at Mukden and argues that if Chang Tso-lin is allowed to do so by Foreign Powers he can follow suit.—*Reuter*.

HOME FOOTBALL.

ROCHDALE NORTHERN LEADERS.

London, Nov. 2.
Rochdale to-day defeated Rotherham at Rotherham by four goals to nil, their victory placing them at the head of the Third Division (Northern section) of the English League.

The annual friendly match between Cambridge University and Chelsea resulted in a win for the professional side by the odd goal of three.—*Reuter*.

KHYBER PASS RAILWAY.

COMPLETION OF IMPORTANT WORK.

Jamrud, Nov. 2.
In the presence of a representative gathering from the whole of India, Sir Charles Innes, on behalf of the Viceroy, opened the new railway through the Khyber Pass which, Sir Charles Innes in his speech described as the historical great northern gate of India and one of the famous highways of the world. He said that the railway was another enduring monument in India to the genius of British engineering. It opened the pass as it had never been opened before, with the result that trade would be developed and another link in the chain of friendship and peace be forged. He hoped that India and Afghanistan would be drawn closer in the bonds of mutual advantage and neighbourly friendship.—*Reuter*.

GREAT FILM.

ATTRACTION AT QUEEN'S THEATRE.

When we say that "The Gold Rush" is a picture that will be remembered and referred to long after dozens of other famous pictures will be dead and forgotten, we really mean it. After paying a visit to the Queen's Theatre last night we genuinely say that no one in Hongkong should miss seeing this great Chaplin film. From papers to hand of late we notice that this picture had more free advertisement in the London press than any previous cinema film. Even Punch plays off M. Caillaux along with Charlie in a cartoon with reference to the visit to America of the French Debt-Funding Commission, and the film has passed into the realm of everyday reference.

A cinema film does not achieve this fame without just cause, and, after seeing it last night, we can certainly say that the picture justifies everything that has been said about it. Called a "dramatic comedy," it is a mixture of pathos and comedy—a picture with a strong human appeal and a laugh, the latter winning. It is clever; it is great.

Mr. H. W. Ray is to be heartily congratulated on securing the picture for Hongkong.

Collided With Submarine.

Here is the steamer City of Rome, of the Ocean Steamship Co., which rammed the submarine S-51 thirteen miles east of Block Island, R. I., and sent it to the bottom. Captain Diehl of the steamer was able to save only three of the submarine's crew before it foundered. The City of Rome operates in freight and passenger traffic between Boston and Savannah. This picture was taken as it was about to dock at Charlestown, Mass., with the three survivors of the tragedy.

Our Portrait is of Mrs. ROGERS, of 9, Littlewood Street, North Bristol, London, England, who writes—

"I have out all over my body for years and blotches, which after a little while came into large sores. I went to two hospitals and to two or three doctors, but they became worse instead of better, so I tried your 'Clarke's Blood Mixture,' and am now quite cured. My feet were covered with the sores, but only scars can now be seen, so you will understand how grateful I am and why I bless the day that I tried it. You may make what use you think fit of this, as it will bring relief to some other poor soul."

Sufferers from Bad Legs, Abscesses, Ulcers, Eczema, Galls, Pimples, Eruptions, Rheumatism Gout, should realize that lotions and ointments are a but give temporary relief—to be sure of complete and lasting benefit, the blood must be thoroughly cleansed of the impure waste matter, the true cause of such troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities, that is why so many remarkable recoveries stand to its credit. Pleasant to take, and free from injurious ingredients.

Of all Dealers—see that you get
Clarke's Blood Mixture

FOR ATTENTION OF MASTERS OF NORTH-BOUND STEAMERS.

As, during the North-East Monsoon there is always a possibility of North-bound steamers running short OF BUNKER COAL, this is to inform you that TAIT & CO., AMOY, (a well-protected port with good anchorage) have stocks of GOOD JAPANESE BUNKER COAL AT REASONABLE PRICES.

Wireless messages via Hongkong or Formosa are re-transmitted by the Great Northern Telegraph Co. and a wire to TAIT or COALBUNKER AMOY, will receive their prompt attention.

Chesterfield CIGARETTES

A perfect blend
of three fine tobaccos

OF course the exact tobacco ratios of the Chesterfield blend are a cherished secret.

But any tobacco man can tell you that if you blend Virginia, Turkish, and Kentucky Burley in anywhere near the right proportions, you can secure mildness without flatness, richness without over-richness, and "body" without harshness. How exactly this has been calculated in the Chesterfield blend may be judged from the fact that last year in the United States, the sales increase of Chesterfield was twice that of all other cigarettes combined.

Obviously, "such popularity must be deserved."

THE FRENCH DEBT TO AMERICA.

Paris, November 2.

Le Matin says that the American Ambassador had two long conversations during the week end with M. Briand and M. Painlevé in regard to the French debt to America, and that it was agreed that it would be advantageous to resume negotiations for a settlement as soon as possible. *Le Matin* believes that these negotiations will not take account of the temporary agreement reached with M. Caillaux but will make a fresh attempt at a final settlement.—*Reuter*.
Le Journal understands that Senator Borah is the man to be sent to the United States on a special mission in order to continue and conclude the parleys.—*Havas*.

THE PERSIAN REPUBLIC.

London, November 2.

The deposed Shah of Persia has been in southern Europe for the past two years, ostensibly for his health, but the reason was really that he was in exile as a result of intrigues against the throne by Riza Khan, an ex-Cossack private who rose to the grade of colonel, and who headed a *coup d'état* in February 1921 which overthrew the government.

He later dominated politics in the country, being Minister of War in four successive Cabinets. He was eventually Premier in October 1923 when only the opposition of the clergy prevented him from establishing a republic. The Shah then went to Europe.—*Reuter*.

**IS YOUR BABY GAINING
WEIGHT?**

**How Backward Babies Are Helped
By Baby's Own Tablets.**

When an infant fails to steadily gain weight the cause usually is mal-nutrition, the digestive organs are not doing their work properly.

In such cases—where the stomach or bowels are at fault—all that is necessary, usually, to set matters right is the administration of a few doses of Baby's Own Tablets, the pleasant-tasting medicine especially designed for the use of babies and little children.

Guaranteed absolutely pure and harmless, these Tablets are just the right remedy for infantile indigestion, vomiting, wind, constipation and colic. They quickly check diarrhoea, reduce fever, relieve cramp and colds, expel worms, allay the pains of teething almost as if by magic, quiet the nerves and promote health-giving restful sleep. Your chemist sells Baby's Own Tablets, or post free, 60 cents, the vial, from the Dr. Williams' Medicine Co., 60, Kiangse Road, Shanghai.
